**Site Furnishings for a Lifetime™**

**“Beautiful site furnishings that are durable and functional should be a standard, not a premium”**

### **Thomas Steele – Where Craftsmanship Meets Sustainability**

At Thomas Steele, we go beyond mere manufacturing; we embody the art of designing and engineering handcrafted, durable, and eco-friendly outdoor commercial furniture that brings joy to all.

Each table, bench, litter receptacle, and planter are meticulously handcrafted at our plant in Waunakee, Wisconsin. Our products offer both exquisite aesthetics and exceptional performance, ensuring lasting beauty and functionality, even in the most challenging environments.

For over 30 years, we have been at the forefront of creating site furnishings that exemplify style, sustainability, and the promotion of bike and pedestrian-friendly communities. We take pride in our commitment to sustainability, crafting our commercial outdoor furniture from steel produced in the U.S. with up to 90% recycled material.

Nestled in the heart of the Midwest, we take immense pride in our streamlined ordering process, providing efficient customer service, on-site manufacturing, and comprehensive installation guides that ensure you receive the perfect product for your space!

Embrace the outdoors like never before with our exquisite site furnishings. Let us elevate your spaces and create a lasting impression.

5-Year Warranty

### The e-Steel Difference

At Thomas Steele, we undercoat our site furnishings using state-of-the-art e-coating with an epoxy resin water-based paint and zinc phosphate for a process that produces a highly durable coating. When coupled with our electrostatically applied polyester topcoat, e-Steel™ will withstand highly corrosive environments with its ultimate levels of protection and performance. This is why Thomas Steele can offer an unsurpassed industry-leading five-year warranty.

Environmental awareness is another reason to e-coat. The e-Steel™ process is environmentally friendly because it produces no HAPs (hazardous air pollutants) or ultra-low VOCs (volatile organic compounds) and is OSHA and EPA compliant. E-coat systems also recycle, as virtually all unused paint is recovered and put back into the system.

### e-Steel™ Metal Finishing

### Standard Powder Coat Finishes

Standard e-Steel™ colors are shown. Contact Thomas Steele for a complete color chart.

### Recycled Plastic Colors

#### Recycled Plastic: (RP) and (ER)

The high-density polyethylene material (HDPE) used to make our recycled plastic boards is made from post-consumer recycled plastic containers, such as milk cartons. The material is graffiti and UV resistant, making it ideal for outdoor use. It will also not crack or rust.

### Embossed Recycled Plastic Colors

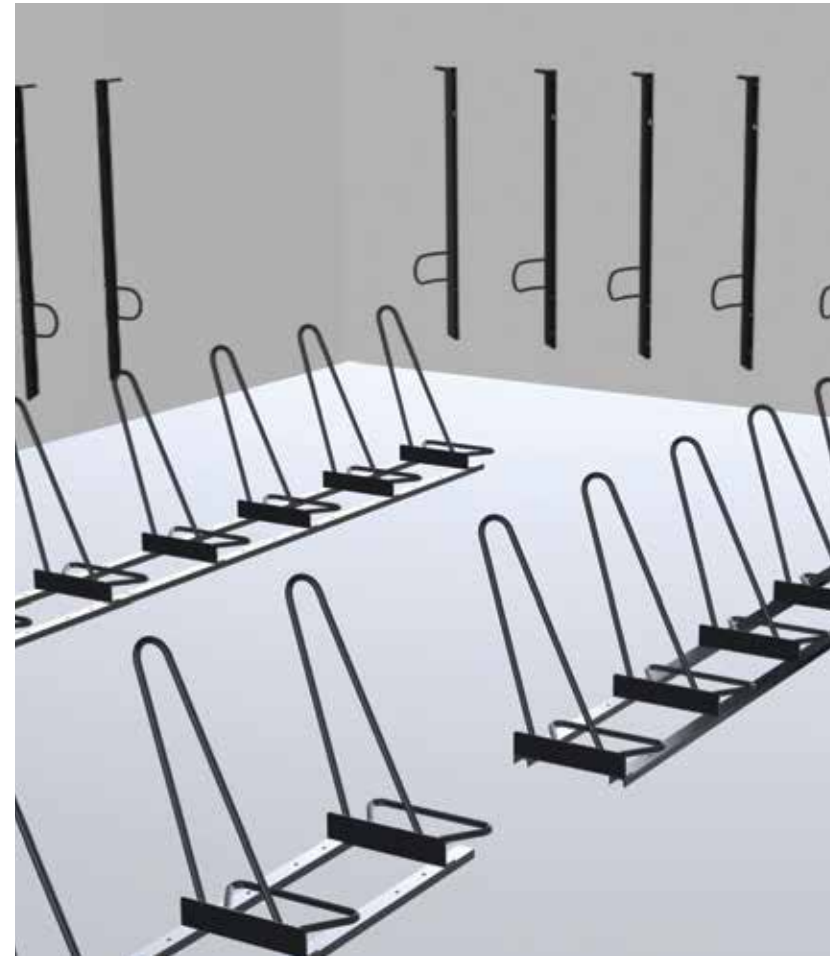

### Wood

### Plaques

# Bicycle Security Solutions

At Madrax, we embrace the power of vision to imagine, inspire, and innovate. As a premier maker of heavy-duty, high-quality bicycle security solutions, we combine practicality and aesthetics seamlessly. With rigorous standards and stringent quality testing applied to each bicycle system, our commitment to excellence spans over 30 years, making Madrax the increasingly preferred choice for bicycle security nationwide. We take pride in being great at what we do, both for our customers and our products.

### TERMS AND CONDITIONS

All orders must be in writing and are subject to acceptance by Graber Manufacturing, Inc. All prices are FOB Graber Manufacturing's factory in Waunakee, Wisconsin and are in U.S. dollars. Prices are subject to change without notice. Shipments will be made at prices prevailing at the time of the shipment.

Net is due 30 days from date of invoice when buyer is a tax-supported government entity or a company with approved credit. Buyers without approved credit must submit full payment with the order. Service charge is 1-1/2% per month on all invoices after 30 days. Graber Manufacturing also honors American Express, Master Card and VISA when placing an order. Graber Manufacturing reserves the right to change terms if necessary.

Graber Manufacturing, Inc. reserves the right to discontinue or change the design and specification of units, and to ship the revised product without notice when such changes have been made.

For additional terms and conditions contact your local Thomas Steele representative or Graber Manufacturing, Inc.

### LIMITED WARRANTIES

Thomas Steele division of Graber Manufacturing, Inc., ("Thomas Steele") warrants products it manufactures against defects in material or workmanship for a period of five years from the date of invoice. Components that are wood or cosmetic in nature are warranted against defects in material or workmanship for a period of one year from the date of invoice. Splitting, checking, and warping of wood are natural occurrences of wood and are not covered by this warranty. Components that are recycled plastic are warranted against rotting, splitting or cracking for a period of twenty years from the date of invoice. Thomas Steele warrants the steel framework it manufactures for benches, tables, planters, and trash receptacles against structural failure for a period of twenty years from the date of invoice. Superficial wear or damage such as scratches, nicks or dents caused by normal wear and tear are not covered by this warranty. These warranties do not cover any defects or failure due to vandalism, negligence, abuse, accidents, lack of maintenance or improper installation. Unless previously approved, in writing by Graber Manufacturing, Inc., this warranty does not cover any defects or failure due to products tampered with or altered, modified or repaired by anyone. This warranty does not cover items manufactured by other companies, such as umbrellas.

For additional specific conditions and limitations contact your local Thomas Steele representative or Graber Manufacturing, Inc.
