### Snug Advanced System

Snug Play USA is a new approach to play spaces that is changing the way children play and develop. This system consists of a family of large-scale, manipulative loose-play elements that children can use separately or together in endless configurations. Snug Play requires no installation and the elements combine soft and rigid surfaces for a tactile play experience that is durable and weather-resistant.

The Advanced system offers a substantial quantity of the Snug Play elements, but takes up less space with a smaller Loop Ring and does not include the Mound.

Average Capacity: 40-50 Children

Average Space Needed: 35' x 35' / 1,225 sq.ft.

Approximate Weight: 615 lbs

**Price:** \$12,999.00

---

### Snug Elementary System

Snug Play USA is a new approach to play spaces that is changing the way children play and develop. This system consists of a family of large-scale, manipulative loose-play elements that children can use separately or together in endless configurations. Snug Play requires no installation and the elements combine soft and rigid surfaces for a tactile play experience that is durable and weather-resistant. The Elementary system includes a variety of Snug Play pieces that can be used to enhance learning experiences in any small setting.

Average Capacity: 15-30 Children

Average Space Needed: 15' x 15' / 225 sq.ft.

Approximate Weight: 297 lbs

**Price:** \$5,399.00

---

**NOTE:** Prices are subject to change without notice. Please request a quotation from your representative for current & turnkey

---

### Snug Expert System

Snug Play is a radical new approach to play spaces that is changing the way children play and develop. Snug Play systems consist of a family of large-scale, manipulative loose-play elements that children can use separately or together in endless configurations. Children can create a dynamic and exciting play space where they can actively have fun, explore, and learn. Facilitators can use Snug Play as a creative learning resource to extend classroom learning. Requiring no installation, the Snug Play elements combine soft and rigid surfaces for a tactile play experience that is durable and weather-resistant.

**Price:** \$19,999.00

---

### SNUG FULL LOOP KIT

**Price:** \$10,799.00

---

### Snug Intermediate System

Snug Play USA is a new approach to play spaces that is changing the way children play and develop. This system consists of a family of large-scale, manipulative loose-play elements that children can use separately or together in endless configurations. Snug Play requires no installation and the elements combine soft and rigid surfaces for a tactile play experience that is durable and weather-resistant.

the Intermediate system is ideal where there is less space available and when fewer children will be playing together at one time.

Average Capacity: 20-35 Children

Average Space Needed: 25' x 25' / 625 sq.ft.

Approximate Weight: 500 lbs.
